Leslie Jia,  
Director of Financial Aid

"One of the great things about working at a community college is the size of the campus, it's not big and not too small. Free parking is also another perk."

## Reasons We Switched

- The Federal Template (ED) is based on old data (not accurate)
- We have a large share of Spanish speaking students
- The Federal Template (ED) does not calculate SAI
- Our students expect a mobile experience

## Impact of Meadow

- We are able to engage with prospective students and families sooner
- Students can explore ways to cover their Net Price inside the calculator
- Admissions and Financial Aid are both benefitting from the lead generation provided by Meadow
